Freehold, N.J. 07728

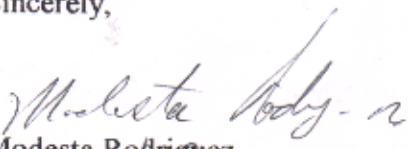

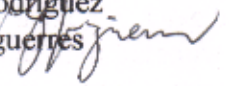

Mr. Donald Arthur:

We'd like to take this opportunity and thank you for your recent visit to Bronx Regional High School. The information you shared with our students is very valuable and the manner in which you presented it made it very real for them. You were able to captivate their attention and clarified misconceptions they had about organ donation. Having shared your personal experience was an eye opener and allowed our students to realize that what they have heard of or seen in the news is real and can happen to anyone.

During our follow up discussion the next day, some students acknowledged they were taken by surprise when they learned that you are a heart recipient. They were very touched when they saw the picture of your heart donor and his family. I am sure they will remember this experience and now share a clear insight on the topic of organ and tissue donation.

Once again, thank you very much for taking time from your busy schedule to share your knowledge and personal experience with our students. We look forward to having another visit from you.

Sincerely,

  
Modesta Rodriguez  
  
Rhobert Figueroa
